Subject: glyphosate slides from meeting in early June

Good morning Dan,

I hope you are well!

Do you recall the meeting that we had with Monsanto back in early June on glyphosate? I have been searching through my emails and electronic files for the PowerPoint that was presented by Monsanto, but was unable to find it. Can you please forward to us a copy of the PowerPoint presentation from the meeting on June 4th?

Please be sure to note slides containing CBI or where you wish information to be redacted, in case we post the presentation in the public docket for glyphosate.

Thanks!
